CHAS. H. KELLEY,
Auditor.

REPORT OF SUPERINTENDENT OF SCHOOLS.

To the School Board of Gilmanton:

I herewith submit to you and through you to the citizens of Gilmanton my second annual report as superintendent of schools.

During the year that finished August 31, all schools, with exception of two, completed thirty-six weeks as required by law. The two exceptions were the Corner and Sanborn schools, which kept thirty-five and thirty-three weeks respectively. The increased length of the school year was reflected in greater amount of work done.

The increased cost of living has demanded an increase in the salaries paid our teachers. Perhaps the best appreciation of our teaching force can be expressed in no better way than by urging the maintenance of the present standard of salaries and to allow no educational retrenchment.

The present faithful, hard working corps of teachers deserve even greater remuneration. Under present conditions, when the purchasing power of the dollar is not normal and the demands on the teachers are more than ever before, a reasonable wage is imperative. A well-paid force will bring contentment, better spirit of service, less change in teachers and consequently better and more efficient work.

CORNER SCHOOL.

A room in the Academy building in which the lighting and heating requirements were met was leased by the school board.

At the end of the summer term we lost by resignation one of our best teachers in the person of Miss Weston, who went to Kentucky to take up a new line of work. Miss Marjorie Weeks was elected as her successor and has kept the school well organized under her able management.

IRON WORKS.

This school has continued under the instruction of Mrs. Florence Durgin. On account of the large number of

pupils and many grades in the school, it seemed wise to the school board to hire an assistant to Mrs. Durgin.

Miss Eastman was secured and has proved an efficient helper. There has been a marked improvement in writing. New koustine vaults have been installed and are proving highly satisfactory.

GALE SCHOOL.

At the beginning of this year, September 1, it seemed advisable to reopen this school and at the beginning of the winter term to unite the Sanborn School with it. Repairs on the schoolhouse have been made in rearranging the seats, inserting additional windows to meet lighting requirements, and putting the toilets in sanitary condition. At time of writing this report, comes the sad news of the death of Mr. Merrill, who was teaching this school, having been transferred from the Sanborn School at the beginning of the winter term. By the death of Mr. Merrill, the town has lost a prominent citizen, the family a beloved husband and father, the school system a practical educator.

KELLEY'S CORNER.

This school was under the instruction of Miss Ruth Kelley during the year ending August 31. The school was well-organized, orderly and especially good work done in the fundamentals, "reading, writing and arithmetic." Since September Miss Frances Towle has continued the work with good success. Two pupils from this school passed examinations for Pittsfield high.

OSGOOD.

Last June, one pupil from this school passed examinations for high school. This pupil was under the instruction of Miss Mildred Grant, who taught the school several years previous to August 31. Since September 1, Miss Roxey Mitchell has had this school in charge. Not only has good work been done in the so-called "fundamentals" but also in good manners, physiology and hygiene. Miss Mitchell and

Miss Weeks of the Corner School attended the four week session at Keene Normal in October. Both reported valuable assistance received. Their positions were filled during their absence by M. Evelyn Perkins and Loretta Dwyer.

SMITH MEETING-HOUSE.

Since September this school has been under the instruction of Miss Daisy Weeks. Under her management the discipline, organization and advancement in studies have shown her effective work.

NEEDED REPAIRS.

The building at Smith Meeting-House should have additional windows on left of pupils, the ceiling and walls repainted, new blackboards installed, and the toilets brought nearer to the school building. The yard at the Osgood School should be graded, proper toilets installed and lighting requirements attended to. Since September, a school at Allen's Mills has been opened to meet temporary conditions. Should the school become a permanent fixture, this house will need further attention as to lighting and sanitary conditions. The Sanborn schoolhouse is badly in need of repairs but if union with the Gale can be maintained, this expense can be eliminated.

In conclusion, I wish to express my appreciation for the financial support of the citizens of Gilmanton to give the youth of their town a fair chance in life. I fully realize the sacrifice it means but trust you will allow no educational retrenchment. Remember that the prosperity of your town will be in direct ratio to your appropriations to education. I wish to thank the members of the school board for their many acts of kindness and assistance, the parents and teachers for their hearty co-operation.

Respectfully submitted,

FREDERICK R. JOHNSON,
Superintendent of Schools.
